

# Cove School District 15

Code: **KG**  
Adopted: Unknown  
Revised/Readopted: 11/13/01; 8/20/13  
Orig. Code(s): 8300; 8310

## Public Use of School Buildings and Grounds

The Board recognizes that school buildings and grounds are provided primarily for the educational and related extracurricular programs of the district. The Board authorizes use of school premises by approved community groups and/or individuals for acceptable and legal purposes in accordance with Oregon Revised Statutes when the group and/or individual agrees to follow all district rules and procedures governing use of school buildings and grounds.

School buildings and/or grounds shall be made available for use by community groups only when such use does not conflict or interfere with regular school functions. The judgment of the superintendent will be relied upon in determining conflicts.

Approval of the use of school property for nonschool use shall not constitute endorsement or approval of the group and/or individuals sponsoring the activity.

The administration may establish a fee schedule for the use of district facilities and materials.

The fee schedule may distinguish between school-related groups and the general public, and between those offering a program without charge and those that are making a charge and/or that have a profit goal for the program. Fees are payable in advance.

The fees may include a reasonable charge for the cost of the utilities, for custodial or other staff services, and for the special use of cafeteria and kitchen equipment.

The Board reserves the right to adjust the fee schedule, require special insurance and/or set other requirements deemed in the best interest of the district.

The Board authorizes the superintendent to develop and administer rules and procedures for use of school buildings and grounds.
