Authorized Use of District Property

The Board believes that although district property is purchased by taxpayers, the equipment is primarily purchased to provide for and/or enhance students' educational programs. It is the Board's responsibility to protect and maintain this property. The Board is also responsible for establishing guidelines concerning equipment which may be used by the public and conditions under which it can be used.

In all cases of public use, property shall not be used for private financial gain. An application for the use of district buildings, grounds and/or equipment must be submitted and approved, and all conditions outlined on the attached district equipment list must be adhered to. Fees may be charged. In the event of "excessive damage," a fee will be determined according to repair or replacement costs.
