Board-Staff Communications

The Board desires to maintain open channels of communication between itself and the staff. The basic line of communication will be through the superintendent.

Staff Communications to the Board

All formal communications or reports to the Board or any Board committee from staff members will be submitted through the superintendent. This procedure will not be construed as denying the right of any employee to address the Board about issues which are neither part of an active administrative procedure, nor disruptive to the operation of the district. In addition, this procedure does not restrict protected lab relations communications of bargaining unit members. Staff members are invited to Board meetings, which provide an opportunity to observe the Board's deliberations on matter of staff concerns.

All official Board communications, policies and directives of staff interest and concern will be communicated to staff members through the superintendent excepting unusual circumstances where it shall be through the Board chairperson and with the superintendent appropriately informed whenever possible. The superintendent will employ all such media as are appropriate to keep staff fully informed of the Board's policies, concerns and actions.

Visits to Schools

Visits by Board members to the schools will be regarded as informal expressions of interest in school affairs and not as "inspections" or visits for supervisory or administrative purposes. Official visits by Board members will be carried on only under Board authorization and with the full knowledge of staff, including the superintendent, principals and other supervisors.
