The Oregon Education Act for the 21st Century establishes the duties of a 21st Century Schools Council which shall include but not be limited to:

1. The development of plans to improve the professional growth of the school's staff;
2. The improvement of the school's instructional program;
3. The development and coordination of plans for the implementation of programs at the school; and
4. The administration of grants-in-aid for the professional development of teachers and classified district employees.

Membership

Creswell school site councils shall have:

5. Creswell school site council membership shall not be extended to any current member of the Board . The Board considers school site council membership and duties distinct from school board membership and duties. This distinction can lead to conflicts should one or more individuals attempt to hold both positions and perform the duties of each. Further, the Board believes school site councils cannot adequately and efficiently perform their intended functions if one or more of their members are concurrently members of the Board.

3. Additional meetings may be scheduled by the council.
