Code: **JECB**
Adopted: 6/10/98

Admission of Nonresident Students

The superintendent, on behalf of the Board reserves the right to accept/reject nonresident students based upon the availability of space, resources, personnel, appropriate programs and a positive review of educational records.

The Board may consider situations such as: (1) students with unusual academic needs or abilities that can be met more readily by school services available in a nonresident school district; (2) students living in remote areas whose school transportation can be met more conveniently and efficiently by the nonresident school district; (3) students with unusual disciplinary or emotional problems who would have a greater ability to succeed in the environment of the nonresident school district; (4) students whose parents move from the district during a school year; and (5) students whose parents are employed within the nonresident district.

The Board shall deny regular school admission to nonresident students who are under expulsion from another school district for a weapons policy violation. The Board will deny regular school admission to nonresident students who are under expulsion from another district for reasons other than a weapons policy violation.

The district may enroll nonresident students as follows:

1. By written consent of the affected school boards. The student becomes a “resident pupil” of the attending district thereby allowing the attending district to receive State School Fund moneys;
2. By unilaterally admitting with tuition a nonresident student whereby neither district is eligible for State School Fund moneys.
