Development of Administrative Regulations

The Board delegates to the superintendent the function of specifying required actions and designing detailed arrangements under which the district will be operated in accordance with Board policy. These detailed arrangements constitute the administrative regulations governing the district.

The superintendent will weigh with care the counsel given by representatives of staff, student and community organizations regarding those regulations. He/she will inform the Board of such counsel in presenting regulations for Board action.

The Board may adopt regulations when federal or state laws require the Board to do so. It may also adopt administrative regulations when the superintendent recommends Board action.

The Board reserves the right to review all administrative regulations and procedures, and direct their revision only when, in the Board's judgment, they are inconsistent with policies set by the Board.

Members of the Board will have access to all new or revised district regulations. All administrative regulations affecting students and staff will be made known to them.
