

Dallas School District 2

Code: **II**
Adopted: 10/14/02

Instructional Materials

Instructional materials for all students in grades K-12 will be furnished by the School District as directed by Oregon School Law. Instructional materials will be adopted according to the criteria and administrative rules of the State Department of Education.

Students at all levels are responsible for the textbooks or other instructional materials assigned them. In case of damage or loss of textbooks and/or instructional materials, students will be expected to pay for these materials. A depreciated value, based on the number of years the materials would have been used before being replaced by a new adoption, in relation to the original cost, will determine the amount the student will pay.
