## Animals in District Facilities

Permission is to be obtained from the principal before animals are brought into the school. Animals must be adequately cared for and appropriately secured. Only the teacher or students designated by the teacher are to handle the animals.

If animals are to be kept in the classroom on days when classes are not in session, arrangements must be made for their care.

Animals may not be transported on a school bus.

Any person bringing an animal onto school grounds must be in control of the animal at all times. Any person with an animal may be asked to wait in a designated area during student drop off, pick up, or other times students congregate outside the building.

Service animals are covered by district policy "Service Animals in District Facilities."
