

Service Animals in District Facilities

1. In order for a service animal to serve in a district facility, the district requires:
 - a. Information about the animal (breed, age, and history);
 - b. Insurance Information;
 - c. Proof of current and proper vaccinations;
 - d. Documentation of Public Access Test (PAT);
 - e. Documentation from medical or other service providers regarding the student's/staff's need for the service animal;
 - f. The service animal's needs must be provided by the student/staff it serves; district will not provide handling services.
