Reader Board Guidelines

In order to most effectively and equitably utilize the "Reader Board" located on the Academy Building site the following guidelines will be in effect:

1. During the school year, from approximately late August to mid-June, the "Reader Board" will be used exclusively to announce school-related activities.
2. Priority will be given first to high school activities, then middle school activities and lastly to elementary activities on a space-available basis.
3. Requests for changes to the "Reader Board" will be channeled through the high school assistant principal.
4. The "Reader Board" will not be used for purposes of announcing activities associated with or sponsored by private organizations, either profit or nonprofit.
5. Any use of the "Reader Board" beyond the scope of these guidelines will require School Board approval.
