Risk Management Program

The district is dedicated to managing risks of the district and does all it can to prevent losses and create a safe working environment. Recognizing that losses will inevitably occur, the district considers no losses acceptable and will make efforts to identify and treat all loss exposures.

The district will implement a comprehensive Risk Management Program which will include appointing a risk manager and appointing a risk management committee.

The program will cover risk identification, risk evaluation and risk control/monitoring.

Activities of the program will include writing policies and procedures, establishing goals, surveying loss exposures, conducting periodic inventories, assigning dollar values to potential losses, developing a claims history, conducting training/in-services, establishing a safety program to include safety rule/practices, accident/incident reporting and investigating, an emergency plan (preparedness plan), first aid and consequences for not following rules.
