## Licensed Staff Positions/Requirements

The superintendent shall establish licensed staff positions necessary to carry out the district's instructional goals.

Positions so established may include those which carry other than classroom teaching responsibility. The Board, in adhering to Oregon Revised Statutes, shall require all applicants to hold a valid Oregon license as a condition of employment. Those offered employment in the district must present their original license to the superintendent's office or be able to have their current license verified before the Board will consider approving their employment. For new teachers or out-of-state hires, verification from Teacher Standards and Practices Commission (TSPC) will be valid until the original is received. Applicants not presenting their license or whose license cannot be verified prior to the beginning of school or the first day employment is to begin will not be employed until such license is presented to the superintendent's office. The district requires licensed staff to submit copies or verification of all license endorsements to the superintendent's office.

It shall be each licensed staff member's responsibility to keep all endorsements current and to submit them to the superintendent's office.
