## Student Fund-Raising Activities

Fund-raising activities shall be conducted under the supervision of, and with prior approval of, the school principal. All fund-raising activities shall conform to the following:

1. Funds may not be raised for any purpose or activity contrary to Board policy;
2. Fund-raising activities for out of state travel must have the prior approval of the Board, upon recommendation of the superintendent;
3. Funds raised through drives shall be used for school related activities;
4. In deciding upon the type of fund-raising activity to be conducted, groups are encouraged to consider first those projects that have social, entertainment, and educational value. Projects that offer genuine service or entertainment value are much more acceptable than are projects where products or commodities are sold. Additional preferred activities include those that encourage group participation, such as bazaars, carnivals, meal functions, bake sales, movies, dances or similar functions;
5. When it is determined by the school principal that all of the above activities are impractical or inappropriate, then door to door solicitation may be considered. Where the principal deems it necessary, one such fund-raising activity per school year may be held. Students may go door to door only in neighborhoods where they are known and only in pairs during daylight hours. Written identification indicating the activity being supported must be carried by each student;
6. In sales programs at all levels, parental permission to participate must be obtained. Permission slips shall clearly state that no student should feel obligated to participate;
7. When possible, coordination and cooperation between levels of the schools fund-raising programs and outside local fund-raising programs will be encouraged in order to cut down on the number of fund-raisers.
8. If fund raising consists of selling food and beverage items to students during the regular or extended school day, the food and beverage items must comply with state and federal nutrition standards, rules and laws. This does not apply to food and beverage items sold at school-related or non-school-related events for which parents and other adults are a significant part of the audience.
