Orig. Code(s): IKAC

High School Classes/Courses for Eighth Graders

The district encourages students to perform at the highest level possible in their course work. Recognizing that some eighth grade students are able to master existing high school curriculum, it is the policy of the district to allow select students who are qualified to take designated high school classes/courses for credit. High school credit may also be granted if students taking pre-grade 9 courses are required to meet performance criteria that are equivalent to the performance criteria for students taking the same high school classes.

The district will not allow the granting of such credit to be used to reduce below 33 the units of credit to be completed in grades 9 through 12 for high school graduation.
