Crisis Prevention and Response

The Board recognizes that schools are subject to a number of potentially violent events. No school is immune from these events no matter the size or location.

The Board is committed to the prevention of violence against people or property in the schools or at school activities, whether by students, staff, or others. While committed to each person's constitutional rights, including due process rights, the Board does not condone lawlessness. The Board knows that schools cannot be sanctuaries, but protecting students in an increasingly violent world is a challenge that must be accepted.

The superintendent will coordinate with building and districtwide committees, such as the Youth Services Team (YST) and Safety Committee, to develop a Crisis Prevention and Response Plan. The superintendent and administrative team will review district anti-violence related programs and activities, assess the district's security and safety needs, review Board policies, administrative regulations, response plans and procedures.

The superintendent will annually review and ensure the effective implementation of the district's plan.
