

Dayville School District 16J

Code: **AB**
Adopted: 2/13/96
Readopted: 9/13/11
Orig. Code(s): AB

The People and their School District

The Board believes: (a) the public schools belong to the people who created them by consent and who support them by taxation; (b) the schools are only as strong as the support received from an informed public; and (c) the support of the people must be based on knowledge and understanding of the aims and efforts of public schools.

The Board, therefore, reaffirms and declares its intent to:

1. Keep district citizens regularly and thoroughly informed through communication of school system policies, programs, concerns and planning and to carry out this policy through the efforts of the Board and district staff;
2. Invite the advice and counsel of people in the district, especially at open Board meetings;
3. Support citizen advisory committees to consider concerns which affect the district.

In keeping with these beliefs, the mission of the district shall be as follows:

To provide lasting, meaningful education, through the cooperation of school, parents and community.

We believe:

1. Everyone is responsible for his/her learning and actions;
2. Education should adapt to an ever-changing world;
3. Schools should be a safe and positive learning environment;
4. Curriculum should encompass skills that are necessary throughout life.
