

Dayville School District 16J

Code: **EEAA**
Adopted: 11/09/04
Readopted: 10/11/11
Orig. Code(s): EEAA

Payment in Lieu of Transportation**

The district takes responsibility for transporting in-district students to and from school. When the district chooses not to travel any given road, it will reimburse the family for transporting students to their respective bus stop as follows:

1. The district will pay the ODE rate per mile per family for elementary students who live more than one-half mile from their bus stop and for high school students who live more than one mile from their bus stop.
2. Parents must complete the district form for mileage reimbursement before mileage will be authorized. Mileage will be effective on the date the form is completed. Mileage will not be retroactive.
3. The district reserves the right to reimburse others as approved by the Board;
4. The Board will review the rate of reimbursement periodically, adjusting the rate as necessary. Parents will be duly informed in advance of any such rate change.

When the district does not have a provision for transport in this policy, it will opt for payment to the parent in lieu of transportation at the ODE rate per mile from the school to the point of regular bus service, where in this policy takes precedence.

This policy does not apply to any nonreimbursable transportation such as athletics. This policy does not apply to any students who choose to drive to and from school.

END OF POLICY
