Student Conduct in DESD Vehicles

Douglas Education Service District (DESD) operated vehicles carrying DESD students will be considered extensions of DESD programs and activities. All students using DESD transportation will abide by DESD's Student Code of Conduct. Violations of the DESD Student Code of Conduct, as well as other conduct which is improper or which jeopardizes the safety of self or others, will be reported by the vehicle driver to the program supervisor. The program supervisor will, as soon as possible, inform the superintendent of such occurrence. Violators may be denied use of transportation for a period of time as deemed property by the program supervisor or superintendent.

The superintendent shall have authority to create administrative rules governing student conduct code in DESD vehicles. Administrative regulations shall be published in a handbook and distributed to students and/or parents/guardians upon enrollment in a DESD program or activity. The Board shall review the handbook prior to the start of each new school year.
