**Board Meeting Agenda**

The Board chairperson and the superintendent will prepare an agenda for all regular meetings of the Board. Items of business may be suggested by any Board member, staff member, student or citizen of the district by notifying the superintendent at least five working days prior to the meeting.

A consent agenda may be used by the Board for noncontroversial business. The consent agenda will consist of routine business that requires action but not necessarily discussion. These items may all be approved at the same time. A Board member may ask that any item be removed from the consent agenda. The removed item will then be placed on the regular agenda.

The agenda will follow a general order established by Board resolution. Opportunities for the audience to be heard will be included. The order of the Board agenda shall be designed so that patrons wishing to approach the Board will not have to wait to comment on specific areas. The Board will follow the order of business set up by the agenda unless the order is altered by a consensus of the Board.

Items of business not on the agenda may be discussed and acted upon if the majority of the Board agrees to consider them.

The agenda, together with supporting materials, will be prepared by the superintendent in consultation with the Board chairperson and distributed to Board members at least three full working days prior to the meeting. The agenda will be available to the press and to interested patrons through the superintendent's office at the same time it is available to the Board members. Copies of the agenda for the press and public will not contain any confidential information included in the Board members' packets.

A copy of the agenda will be posted in each district facility on the day of the meeting. Members of the public may request a copy of the agenda at the superintendent's office.

The district will ensure equally effective communications are provided to qualified persons with disabilities upon request as required by the Americans with Disabilities Act.

Appropriate auxiliary aids and services available to ensure equally effective communications with qualified persons with disabilities may include large print, Braille, audio recordings and readers. Primary consideration will be given to the requests of the person with a disability in the selection of appropriate auxiliary aids and services.

Should the Board demonstrate such requests would result in a fundamental alteration in the service, program or activity or in undue financial and administrative burdens, alternate, equally effective communications will be used.

Auxiliary aids and services for persons with disabilities will be available at no charge to the individual.
