### Administrative Regulations

It is the intent of the Board to delegate to the superintendent the function of specifying required actions and designing the detailed arrangements under which the schools will operate.

Administrative regulations are detailed directions governing the operation of the schools.

The superintendent is authorized to formulate such administrative regulations appropriate for the implementation of policies adopted by the Board and necessary for the consistent operation of the district.

In the development of rules, regulations and arrangements for the operation of the school system, the superintendent should determine at the planning stage those employees best qualified to help determine guidelines.

When approved by the superintendent, administrative regulations shall be distributed to staff, students and other individuals as appropriate.

The Board may review any administrative regulation and may direct its revision if, in the Board's judgment, such regulation is not consistent with adopted policies.
