

# Dufur School District 29

Code: **EEAB**  
Adopted: 9/03/96  
Readopted: 12/02/13  
Orig. Code(s): EEAB

## School Bus Scheduling and Routing

It is the intent of the Board to provide all students with equal transportation privileges. Furthermore, in no case will school vehicles be operated on unsafe roads or under unsafe conditions. To this end, routes will be established on publicly maintained roads cooperatively by the transportation supervisor, superintendent and the Board. Factors taken into consideration are: road width, turn-around space, weather, maintenance priorities, etc.

Students living within one mile of an established bus route will be required to walk to the designated bus stops. Families living more than one mile on a publicly maintained road from a designated route may be reimbursed by the district for transporting their student(s) to the established route. The rate of pay will be set by the Board, taking into consideration current price rates. It is not legal for the district to pay more than the cost of operating a school bus to transport students.
