

# Dufur School District 29

Code: **IGAEB**  
Adopted: 9/03/96  
Readopted: 3/03/14  
Orig. Code(s): IGAEB

## **Drug, Alcohol and Tobacco Prevention, Health Education**

While alcohol, drug and tobacco use is dangerous in all segments of American society, it poses a special risk to young people by denying the opportunity to develop physically and psychologically. To this end, the district is committed to a drug-free school and intends to send an absolute and clear message that alcohol, illegal drug and tobacco use is illegal and will not be allowed in the district or during school sponsored events and activities.

The superintendent, in consultation with the district's 21st Century Schools Council will develop a written plan for an alcohol and drug prevention program to include:

1. District philosophy;
2. Prevention education;
3. Intervention/Referral and medical emergency procedure;
4. Consequences and law enforcement relations;
5. Access and use of federal monies;
6. Staff development;
7. Public relations program to be adopted and reviewed annually by the Board after consulting with a drug, tobacco and alcohol committee comprised of a parent and teacher from each school, one administrator, one community representative and a health professional.

### **Prevention Program**

The district will provide a Board adopted alcohol, tobacco and drug prevention education for all students.

The goal of the alcohol, tobacco and drug education is to prevent unlawful use and shall include the following:

1. Curriculum

The curriculum will:

- a. Be developmentally appropriate for each grade level;
- b. Be consistent with the health education common curriculum goals;
- c. Reflect community values and attitudes;

- d. Be decided after consulting with parents, teachers, administrators, local community agencies and persons from the health or alcohol/drug service community;
- e. Be reviewed and adopted annually by the Board.

2. Instructional Requirements – Students

- a. All students each year;
- b. To be included in the health education curriculum;
- c. For high school students not taking health education, alcohol, tobacco and drug prevention instruction will be integrated in other courses taken.

3. Instructional Requirements – Activities

Shall include basic information:

- a. On the effects of alcohol, tobacco and other drug use;
- b. On the laws relating to the use, especially by minors of alcohol, tobacco and illegal drugs;
- c. On the availability of school and community resources.

4. Developing and Reinforcing Skills

- a. To understand and manage peer pressure;
- b. To understand the consequences of consuming alcohol, tobacco or illegal drugs;
- c. To make informed and responsible decisions;
- d. To motivate students to adopt positive attitudes towards health and wellness.

Detailed general and emergency intervention and referral procedures including those for drug-related medical emergencies shall be issued to all staff members annually. The intervention and referral process will be published each year in the student/parent handbook.

Student substance abuse, possession or use of tobacco, alcohol or unlawful drugs, including drug paraphernalia or any substance purported to be an unlawful drug, on or near school grounds or while participating in school-sponsored activities is prohibited and will result in disciplinary action up to and including expulsion and, if appropriate, referral to law enforcement officials. When considering disciplinary action for a child with disabilities, the district must follow the requirements of Board policy JGDA/JGEA – Discipline of Students with Disabilities including those involving functional behavioral assessment, change or placement, manifestation determination and an interim alternative educational setting.

Whenever a student is suspected of involvement in a crime the administration will notify the local law enforcement agency.

The administration will attempt to notify parents prior to any police action at school. Exceptions to this would occur only when such notification is contrary to established legal procedures or when immediate action is required to ensure student welfare.

The district will make application for the 1986 Drug Free School Act monies. When possible, application for other grants that are available for drug free schools will be made.

The superintendent will plan each year at least one alcohol, tobacco and drug prevention in-service for all staff. The input of the district's 21st Century Schools Council will be encouraged as an integral part of the staff development planning process.

The district will develop a public information plan for students, staff and parents.

END OF POLICY
