

# Eagle Point School District 9

Code: **GBDA**  
Adopted: 7/09/08  
Revised/Readopted: 7/10/13; 5/13/15; 6/12/19

## Mother Friendly Workplace

The district recognizes that a normal and important role for mothers is to have the option and ability to express milk or breast-feed in the workplace. Unless otherwise agreed upon by the district and the employee, the district shall provide the employee a 30-minute rest period to express milk or breast-feed during each 4-hour work period, or the major part of a 4-hour work period, to be taken by the employee approximately in the middle of the work period. If feasible, the employee will take the rest period at the same time as the rest periods or meal periods provided by the district.

The district will make a reasonable effort to provide a location, other than a public restroom or toilet stall, in close proximity to the employee’s work area, where an employee can express milk or breast-feed in private, concealed from view and without intrusion by other employees or the public. “Close proximity” means within walking distance from the employee’s work area that does not appreciably shorten the rest or meal period. If a private location is not within close proximity to the employee’s work area, the district may not include the time taken to travel to and from the location as part of the break period.

The following locations have been identified in each facility for milk expression or breast-feeding:

This policy only applies to employees who are expressing milk or breast-feeding for children 18 months of age or younger.
