Establishment of Alternative Education Programs

The superintendent will develop alternative education programs in compliance with Oregon Administrative Rules and Oregon Revised Statutes:

1. For students who are unable to succeed in the regular programs because of erratic attendance or behavioral problems;
2. For students who have not met or who have exceeded all of Oregon's academic content standards;
3. When necessary to meet a student's educational needs and interests;
4. To assist students in achieving district and state academic content standards;
5. When a public or private alternative program is not readily available or accessible.

Alternative education programs implemented by the district are to maintain learning situations that are flexible with regard to environment, time, structure and pedagogy.

If an alternative program requires leaving the regular school setting, transportation may be provided if the program is more than one mile from an elementary school and one and one-half miles from a secondary school.

The superintendent will develop a procedure for establishing additional alternative education programs.
