Comprehensive Guidance and Counseling Program

It is the policy of Jackson County School District #9 Board of Directors that the Comprehensive Guidance and Counseling Program assists each and every student in acquiring the knowledge, skills, and attitudes needed to become effective students, responsible citizens, productive workers and lifelong learners.

To do this, as an integral and central part of its education program, each school building will deliver guidance curriculum, individual education planning, and services responsive to individual needs that are developmentally appropriate. Staff assignments will be made to ensure these program elements are carried out. Through a district level program team, services will be coordinated and articulated between buildings and with other community resources. The program team will report to the school Board annually on program status and continuous improvement efforts.
