The district will provide age-appropriate and developmentally appropriate literacy instruction to all students until graduation.

The district may not deny a student, the opportunity to pursue a diploma with more stringent requirements than a modified diploma or an extended diploma for the sole reason the student has the documented history listed under the above modified diploma or extended diploma requirements.

The district may award a modified diploma or an extended diploma to a student only upon the written consent of a student who is emancipated or has reached the age of 18 at the time the modified or extended diploma is awarded, or the student's parent or guardian. The district shall receive the written consent during the school year in which the modified diploma or the extended diploma is awarded.

A student shall have the opportunity to satisfy the requirements for a modified diploma, an extended diploma or an alternative certificate in either 4 years after starting the ninth grade, or until the student reaches the age of 21, if the student is entitled to a public education until the age of 21 under state or federal law.

A student may satisfy the requirements for a modified diploma, an extended diploma or an alternative certificate in less than four years but not less than three years. When a student who has an IEP completes high school, the district will give the student an individualized summary of performance.

Eligible students with disabilities are entitled to a free appropriate public education (FAPE) until the age of 21, even if they have earned a modified diploma, an extended diploma, an alternative certificate or completion of a General Education Development document. The continuance of services for students with disabilities for a modified diploma, extended diploma or alternative certificate is contingent on the IEP team determining the student's continued eligibility and special education services are needed.

Students and their parents will be notified of graduation and diploma requirements.

The district may not deny a diploma to a student who has opted out of statewide assessments if the student is able to satisfy all other requirements for the diploma. Students who opt-out will need to meet the Essential Skills graduation requirement using another approved assessment option.
