## Intradistrict Transfer Students

Attendance areas are established by the Board for district schools. Students are expected to attend the school serving their place of residence unless an option to transfer to another district school has been provided by the district to meet the requirements of the Every Student Succeeds Act of 2015 (ESSA), state law or Board policy.

With the superintendent's approval, the district may grant the request of a resident student to attend another school in the district, provided the receiving school agrees to that request.

Students who attend a district school identified as persistently dangerous, or who are victims of a violent criminal offense occurring in or on the grounds of the school the student attends, may transfer to a safe public school in the district, including transfer to a public charter school in the district.

The superintendent will develop administrative regulations, as necessary, to implement this policy.
