Use of Private Vehicles for School Business

Administrative personnel are expected to use their private vehicles in the conduct of their duties.

The Board, however discourages the use of private vehicles by other district personnel for school business, including the transportation of students. District staff will use district-owned vehicles whenever possible and should schedule activities and transportation far enough in advance to avoid any nonemergency use of private vehicles.

The superintendent will develop regulations for staff use of private vehicles that will safeguard the district, its employees and students in matters of safety, insurance and liability.
