Admission of Nonresident Students

It is the policy of the district to allow out of district students to attend Echo Schools under the following conditions:

1. An agreement must be reached between the students home district and Echo Schools to allow Echo School District to collect State School Fund monies.

Out of district students enrolled in the above manner will be allowed to attend Echo Schools under the following conditions:

- a. Echo School District will be entitled to all state monies;
 - b. Transportation is the responsibility of the parent or guardian;
 - c. Students must be in good standing in the district from which they are transferring;
 - d. Out of district students who become involved in major discipline problems, including but not limited to fights, assault, drugs, alcohol, property damage or threats will be asked to return to their home district;
 - e. The parent/guardian and student must sign an agreement indicating they will comply with these conditions.
2. By written consent from the school board for the district in which the school is located as provided by Board policy. The student becomes a “resident pupil” of the attending district thereby allowing the attending district to receive State School Fund monies.
 2. By unilaterally admitting with tuition a nonresident student whereby neither district is eligible for State School Fund moneys;
 4. If a juvenile court determines it is in the student’s best interest, a student placed in a substitute care program outside the district will continue to be considered a resident student and allowed to attend the school the student attended prior to placement. The public agency placing the student in a substitute care program will be responsible for the transportation of the student, if public agency funds are available.

Consent of Board for the District in which the School is Located

Annually, by March 1, the Board shall establish the number of students to whom consent will be given for the upcoming school year. The Board may choose to limit consent based on school, grade or the combination of both. The Board may decide not to give consent to any person under this process.

The Board may not deny consent or give priority based on race, religion, sex, sexual orientation, ethnicity, national origin, disability, terms of individual education program, income level, proficiency in the English language or athletic ability.

Applications for consent shall be submitted no later than April 1, prior to the year of requested consent.

If the number of students seeking consent exceeds the number of students the Board has determined will be given consent, consent will be based on an equitable lottery selection process.

The district is not required to provide transportation outside the boundaries of the district. The student will be allowed to use existing bus routes and transportation services of the district. Transportation will be provided if required by federal law.

By May 1, the district shall provide written notification of attendance to the district of the student's legal residence.
