

# Elgin School District 23

Code: **AB**  
Adopted: 7/15/96  
Readopted: 4/02/13  
Orig. Code(s): AB

## The People and Their School

The Board believes: public schools belong to the people who created them by consent and who support them by taxation; schools are only as strong as the support received from an informed public; and the support of the people must be based on knowledge and understanding of the aims and efforts of public schools.

The Board, therefore, reaffirms and declares its design and intent:

1. To keep citizens of the district regularly and thoroughly informed through communication of policies, programs, problems and planning of the school system; and to carry out this policy through the efforts of the Board and district staff;
2. To invite the advice and counsel of people in the district, especially at open meetings of the Board; and
3. To support citizen advisory committees to consider problems which affect the district.

END OF POLICY
