Use of Feature Films/Videos

The Board recognizes the showing of commercially produced and rated feature films and videos may have a legitimate purpose in a school's educational program. However, since the content of these films customarily is designed for general audience viewing, the Board feels certain precautions should be taken to ensure the showing of a particular film is consistent with the educational values espoused by the district. Only films rated G or PG may be shown as part of the school program. The Board directs administrative procedures be developed to accomplish this objective, including the provision that a parent have the opportunity to preview a film when practicably possible and that a parent have the opportunity to excuse his/her student from viewing a film rated PG or PG-13.
