Early Graduation

A student who, for sound educational and vocational reasons, wished to graduate from high school in less time than the ordinary grades 9 – 12 sequence may request permission to complete graduation requirements on an altered schedule. The student and his/her parents will consult with high school principal or his/her designee in order to develop a graduation plan. The district assumes no obligation to offer or pay for courses that are needed solely to finish a program early or that exceed the district's regularly provided offerings. Their intention to accomplish this plan will be stated in writing to the superintendent.

A student may satisfy graduation requirements in less than four years. The district will award a diploma to a student fulfilling graduation requirements in less than four years upon the student's request and if the student's parent or guardian consents, if required.
