

Administering Noninjectable Medicines to Students

The district recognizes that administering of medication to students and self-medication may be necessary when the failure to take such medication would jeopardize the health of the student or the student would not be able to attend school if medication were not made available during school hours. Consequently, students may be permitted to take noninjectable prescription or nonprescription medication at school, on a temporary or regular basis.

When directed by a physician or other licensed health care professional, students grades K-12 will be allowed to self administer medication. A medical protocol regarding each student who self administers medication will be developed, signed by a physician or other licensed health care professional and parent and kept on file. Permission for self administered medication may be revoked at any time if the student violates policy or medical protocol.

All requests for the district to administer medication to a student shall be made by the parent¹ in writing. Requests shall include the written instructions of the physician for the administration of a prescription medication to a student or the written instructions of the parent for the administration of a nonprescription medication to a student. A prescription label will be deemed sufficient to meet the requirements for written physician instructions.

The district shall designate staff authorized to administer medication to students. Training shall be provided as required by law.

The district reserves the right to reject a request to administer prescription or nonprescription medication when such medication is not necessary for the student to remain in school.

This policy and administrative regulation shall not prohibit, in any way, the administration of recognized first aid to students by district employees in accordance with established state law, Board policy and procedures.

The superintendent shall develop administrative regulations as needed to meet the requirements of law, Oregon Administrative Rules and for the implementation of this policy. Regulations will include provisions for student self-medication.

¹As used in this policy, the term parent includes legal guardian or person in a parental relationship. The status and duties of a legal guardian are defined in ORS 125.005 (4) and 125.300 - 125.325. The determination of whether an individual is acting in a parental relationship, for purposes of determining residency, depends on the evaluation of the factors listed in ORS 419B.373. The determination for other purposes depends on evaluation of those factors and a power of attorney executed pursuant to ORS 109.056.
