Use of Feature Films/Videos**

The Board recognizes that the showing of commercially produced and rated feature films and videos or segments, portions or excerpts from such films may have a legitimate purpose in a school's educational program. Since the content of these feature films customarily is designed for general audience viewing, the Board feels that certain precautions should be taken to ensure that the showing of a particular film or excerpt of a film is demonstrably related to currently taught curriculum in the cases where the film is to be shown and is shown for educational purposes and not solely for entertainment or as a reward for work well done. The Board directs procedures be developed to accomplish this objective, including the provision that a parent has the opportunity to preview a film when practicably possible and that a parent must give prior consent before his/her student may view a film rated PG or PG-13.

Any feature length film or video shown requires prior superintendent or designee approval.
