## Public Gifts to the District

The Board welcomes gifts and/or services which may serve to enhance and extend the work of the district. Tangible property contributed to the district becomes the property of the district and is subject to the same controls and regulations that govern the use of other district-owned property.

Contributions of money, property, donated labor, equipment and/or other services that may involve major costs for installation and/or maintenance, or initial or continuing financial commitments from district funds, will be presented by the superintendent for Board approval. The Board will consider installation costs, maintenance to the initial operation and financial commitments.

Contributions for scholarships or scholarship funds shall be accepted in accordance with conditions developed at the time the fund or scholarship is established.

The superintendent is authorized to accept all other gifts to the district on behalf of the Board. The superintendent may designate persons authorized to accept gifts for particular schools. All donors will be officially thanked in the Board's name, and all gifts will be reported to the Board.
