## Board Powers and Duties

### Board Powers

Powers of the board are set forth in ORS 332.075 and state that any district school board may:

1. Fix the days of the year and the hours of the day when schools shall be in session;
2. Prescribe textbooks as provided in ORS 337.141 and courses of study for the use of such schools as provided in ORS 336.035;
3. Authorize the use of the schools for purposes of training students of an approved teacher educational institution, as defined in ORS 342.120, and for such purposes may enter into contracts with approved teacher education institutions on such terms as may be agreed upon. Such contracts as they relate to student teachers shall have the same effect and be subject to the same regulations as a contract between a licensed teacher and a district school board;
4. Develop and operate with other school district or community college districts secondary professional technical programs for pupils of more than one district and fix by agreement the duration of the district's obligation to continue such activity, subject to the availability of funds therefor;
5. Authorize any school in the district to be a member of and pay fees, if any, to any voluntary organization that administers interscholastic activities or that facilitates the scheduling and programming of interscholastic activities;
6. Accept money or property for the use or benefit of the school district and use the money or property for the purpose for which it was donated.

### Board Contracts

Any duty imposed upon the board as a body must be performed at a regular or special meeting and must be made a matter of record. The consent to any particular measure obtained of individual members when not in session is not an act of the board and is not binding on the district. If a contract is made without authority of the board, the individual making such contract shall be personally liable. (ORS 332.075)
