

Eugene School District 4J

Code: **FEC**
Adopted: 7/2/73
Revised: 9/19/79
Orig. Code(s): 8310

Planning School Buildings

When possible, construction and site development of district schools will be planned to provide for year-round community use. Included in the planning process will be consideration of new trends in architectural design, new materials, projections of population growth in the area of the building, and an evaluation of potential natural disasters and hazards, statements with regard to any necessary modifications to be made in the design and construction of buildings due to natural disasters and hazards, and any other available data which would assist the district in fulfilling the community's needs.
