Alumni Memorials

The district shall consider the placement of memorials on district property to honor former district high school students who lost their lives in service to our nation. Memorials may be proposed by student, staff or alumni groups for placement on a high school campus to honor that school's alumni.

The superintendent shall establish guidelines regarding the design, placement, installation and funding for the memorial and the process for presenting proposals to the school community for consideration. The superintendent may authorize the installation of memorials that satisfy the guidelines.

Upon installation, a memorial shall become the property of the district. Any memorial may be relocated or removed if it interferes with school operations or facility expansions or if it becomes costly or difficult to maintain.
