## Student Attendance

### 1. Required Attendance

Regular attendance shall be required of all students in accordance with the regulations of this district and those specified in ORS 339.010 to 339.090.

### 2. Conditions of Attendance

Application to assigned work shall be a condition of school attendance for all pupils. Regular study shall be required to complete the prescribed courses of study. Homework, when necessary for the satisfactory completion of a course, subject, or grade, shall be assigned with care, due consideration being given to the age of the student, health, and other factors related to his/her personal welfare.

### 3. Relationship of Attendance to Grades and Credit

Punctual and regular attendance is essential to the academic success of students. Attendance may be considered in determining a student's grade and credit for a class. Attendance shall not be the sole criterion used to determine a student's grade or the credit received for a class.

At the beginning of each course, teachers will inform students and parents how attendance and class participation are related to the instructional goals of the subject or course. Due process will be provided to any student whose grade is reduced or credit denied for attendance rather than for academic reasons.

### 4. Student Walkouts

Student organized "skip days" or other unauthorized group absences of students are not acceptable. Permission for absences for this type of activity will not be granted.
