International Students

The depth of international understanding is enhanced by the presence of international students in the schools of the district. However, the value of this contribution must be weighed against the marginal cost of educating each additional student. For this reason, some restriction must be placed on the number of international students permitted to enroll on a tuition-free¹ basis and a basic quota of thirty-two (32) students has been established by the Board of Directors. However, a student in an exchange program will not be included in the international student quota if there is a direct exchange between a student from District 4J and a foreign country for a similar length of time.
