

Lockers for Student Use

1. Availability of Lockers

Lockers are the property of School District 4J and are under the direct control and supervision of those responsible for the administration of the district. Lockers, where available, may be assigned to students by the building principal for the protection and safekeeping of school district and personal property. In those cases where a lock is not an integral part of the locker, locks may also be assigned. A student may choose not to use the locker facilities provided by the school district.

2. Conditions of Use

Lockers and/or locks will be assigned to a student subject to the rules adopted by the board and upon payment of the student deposit fee. (See *Student Rights and Responsibilities Handbook*.)
