Discipline of Students

A balance of student rights and responsibilities is necessary in each school and classroom to assure an atmosphere which is conducive to learning and which assures the safety and welfare of students and school personnel. The board believes that an educational program designed to meet the learning needs of the students and to produce constructive behavior and self-discipline is the best approach for resolving discipline problems. Disciplinary actions by school personnel will be most effective when applied fairly and consistently and when students and their parents understand the methods and reasons for disciplinary measures.

Specific rights and responsibilities of students have been adopted by the board and shall be widely publicized in School District 4J. (See *Student Rights and Responsibilities Handbook*.)

The superintendent is responsible for developing procedures to implement this policy.
