## Superintendent

The superintendent is the district's chief executive officer and has the authority and responsibility, under the Board's policies and their contract with the superintendent, supervision of all district schools, personnel and departments. The superintendent is responsible for managing the schools using district goals, procedures and protocols, and is accountable to the Board for that management.

The superintendent may delegate to other district personnel any powers and duties imposed upon the superintendent by Board policies or by vote of the Board. Delegation of power or duty, however, will not relieve the superintendent of responsibility for action taken under such delegation.
