

# Falls City School District 57

Code: **EDD**  
Adopted: 2/17/93

## Recycling

The Board believes that there exists, throughout the United States, a great shortage of landfill waste disposal sites. The Board further believes the ultimate solution will not be found in establishing more landfill sites, but in the attempts of humans to minimize wastes.

Recycling of wastes can reduce the volume of landfill materials in a major way.

Therefore, the Board encourages each school and other district sites to establish a recycling plan.

END OF POLICY
