Board Policy Implementation

Effective Date of Policies

All new or amended policies become effective upon the day after adoption by the Board, unless a specific effective date is included in the motion for adoption.

Policy Implementation

The superintendent and administrative staff will implement the policies of the Board. The superintendent may formulate administrative regulations and procedures to assist policy implementation. It will be the duty of the Board to evaluate the effectiveness of the policy and of the administration's implementation of the policy.

Policy Dissemination

The written policies that govern the district will be maintained in a policy manual online which will be updated by staff as new policies are developed or existing policies are revised or repealed.

Each employee will be specifically notified of the existence and availability of personnel policies. The Board's policy manual will be considered a public record and will be open for inspection at the superintendent's office during regular working hours.

The superintendent will provide channels for the dissemination of appropriate policies to the community.

The superintendent, building principals and other administrators will inform students and staff of policies and regulations affecting them.

Student, staff and parent handbooks may also be used for the dissemination of policies and regulations.
