District Purchasing

The function of the business office is to serve the educational program by providing necessary supplies, equipment and services. The Board will be notified of any exceptions. Items commonly used in the various schools and their subdivisions will be standardized whenever consistent with educational goals and in the interest of efficiency or economy.

The business manager is appointed by the Board to serve as purchasing agent. He/She will be responsible for developing and administering the district's purchasing program.

No obligation may be incurred by any officer or employee of the Board unless that expenditure has been authorized in the budget or by Board action and/or Board policy. In all cases calling for the expenditure of district money, except payrolls, a requisition and purchase order system must be used.

No purchase with the exception of a petty cash purchase will be authorized unless covered by an approved purchase order. No bills will be approved for payment unless purchases were made on approved orders.

The superintendent or business manager is authorized to enter into and approve payment on contracts obligating district funds for products, materials, supplies, capital outlay and services that are within current budget appropriations for the specific obligation. The Board shall approve all contracts that are collective bargaining agreements or service contracts that include the provision of labor performed by district employees, such as custodial, food service and transportation services.

The business manager will review bills due and payable for the purchase of supplies and services to determine if they are within budget amounts. After appropriate administrative review, the business manager will direct payment of the just claims against the district. The superintendent and business manager are responsible for the accuracy of all bills and vouchers.

No Board member, officer, employee or agent of this district shall use or attempt to use his/her official position to obtain financial gain or for avoidance of financial detriment for himself/herself, a relative or for any business with which the Board member or a relative is associated. Acceptance of any gratuities, financial or otherwise, from any supplier of materials or services to the district by any Board member, officer or employee of the district is prohibited.
