Hiring of Licensed Staff

The superintendent will recommend employment of licensed candidates. The Board will have final approval. Immediately following the official action of the Board (during open Board session), all details of employment become the responsibility of the superintendent or his/her delegate. Employees will be assigned by the superintendent or the superintendent's designee.

Association members involvement in hiring is viewed as a positive and desirable contribution by both the District and the Association. Association involvement may not always be possible due to logistical issues such as summertime vacancies and the scheduling of hiring events such as interviews. Association members involvement may be consistent with the nature of the vacancy so that there is a connection between the association members position and the nature of the vacancy.
