

## Academic Eligibility for Extracurricular Activities

The district regulations are:

1. Student eligibility grade checks will be conducted 8 times during the school year. The dates of the grade checks will be identified and promoted prior to the first day of school each calendar year.

The grade checks will take place at the four report card periods (approximately every 9 weeks) and every progress report (approximately week 5 of each quarter).

2. After the fifth week of a grading period, a student is eligible if passing five classes and making progress toward graduation. Progress toward graduation means a student may graduate with their original class while attending classes at Elmira High School and without enrolling in outside course work. The progress toward graduation criteria is established by the OSAA.

Student athletes will meet Oregon School Activities Association (OSAA) eligibility requirements for high school athletes that identify that a student must be making progress towards graduation and have passed a minimum of 5 classes the previous semester; Elmira High School Athletes will also be held to the following standards:

1. In addition to the Semester grades that determine OSAA eligibility, grade checks will be conducted 6 additional times during the school year. The dates of the grade checks will be identified and promoted prior to the first day of school each calendar year.
2. The grade checks will take place at the four report card periods (approximately every 9 weeks and 2 of which are Semester OSAA checks), and every progress report (approximately week 5 of each quarter).
3. If an athlete is not meeting the OSAA minimum standard for athletic eligibility at the time of one of the 6 “school checks” he/she will be ineligible until the next grade check.

END OF POLICY
