

Homeless Students

Homeless students enrolling in the district will have access to the District's educational program(s) and other District services needed to ensure that an opportunity is available to meet the same academic achievement standards to which all District students are held.

A Homeless Liaison for students in homeless situations will be designated by the district to carry out duties as required by law.

The district will ensure that homeless students are not stigmatized nor segregated on the basis of their status as homeless. A homeless student will be admitted to the district's school in the attendance area in which the student is actually living or if practicable to the school district of origin as requested by the parent. Transportation may be provided to and from the student's district school of origin at the request of the parent, or in the case of an unaccompanied student, the district's liaison for homeless students, as recommended by the District's Homeless Liaison. The Superintendent will rule on practicability of transportation to and from the student's school district of origin.

The superintendent will develop administrative regulations to implement this policy.
