

Student Involvement in Decision Making

The Board recognizes the value of student participation in decision making.

All students are encouraged to attend open Board meetings to participate in discussions.

In the development of rules, regulations and arrangements for the operation of the school system, the superintendent will include at the planning stage, whenever feasible and appropriate, a representative of those students who will be affected by such provisions.

The superintendent will establish procedures through which students can readily communicate their ideas and opinions regarding the operation of the schools and their participation in decision making.
